Subject: Milford Public Library Support

To Whom It May Concern:

As a local business, Circle Four Farms is pleased to write this letter of support on behalf of our Milford Public Library.

Circle Four has made donations to the library in many forms. We have made cash donations as well as donated several prizes to their summer reading program over the past several years. We appreciate the opportunity we have to donate to our library. We realize these donations are much needed for our small community.

Many of Circle Four Farm's employees live in Milford and use the library on a regular basis. This facility has provided much to our community. Our library has been instrumental in keeping children excited about reading. From story hour each week to their summer reading program, children are given immense encouragement.

As a whole we are very grateful to have the library as a resource for the community.

Thank you,

Dwight Potter
General Manager

To whom it may concern:

Moving to Milford, Utah from Sacramento, Ca. in 1994 was a bit of change for myself and husband and adopted granddaughter. We had become accustomed to accessing various amenities with ease. I love small towns and the "neighbor" feeling they are so good at.

My granddaughter spotted the library. It's a very small library, but it had what we were interested in and the librarians were very kind, friendly and helpful.

Since our move here I have been involved in this library and the bookmobile service we had as a board member, volunteer, and part time librarian. This library is the center of activity in town in so many ways. Kids are in it every day accessing reference materials and using the internet, mothers with small children picking out books, story hour for small children, adult patrons stopping to check out books and visiting.

We have been very lucky this year to move on an opportunity to expand the building. The increase in size will more than double the space. So.....we are putting our money into the building and we need help furnishing the new spaces. We would like to appeal to you for any help to furnish our new area.

Thank you for your time and consideration. Come visit our town if ever in the area.

As a long time resident of Milford .I would like to write a letter of support for the Milford Public Library. The library is a very important part of Milford. Young and old alike rely on its services. In our small community we have very few areas of public services. There are no YMCA's, community centers, Youth organizations, ect, so the library is able to fill some of these needs.

Some of the activities that I am aware of include, children's story hour, adult book groups, community service meetings, summer reading programs, read-a -loud, services for low income people, government tax services, testing for Universities, to name just a few.

Milford is also in the process of being the site for a large wind farm operation. Many of these people are in transition, and need internet access, copies, and fax services. During the summer months, the library helps out many tourists visiting Great Basin National Park with these same services.

I personally, use the library for all my reading, internet use, and belong to a book group. When my grandchildren visit they love to attend story hour, and check out books.

Sincerely,

Gaynell Bailey

To Whom It May Concern:

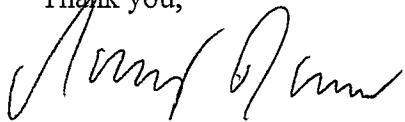

As a local business owner in Milford Utah. I want to express my support of Milford Public Library. The Milford Library has played a vital role in the city of Milford. The youth of this community have benefited greatly by the library, such as the summer reading program.

Milford Gift & Games has donated many items for their summer reading programs. Not only has it been a great opportunity for us but for the library as well.

I've personally enjoyed going to the library. Not only for the library books but also the use of their computers.

Thanks for time and this opportunity.

Thank you,
